

Play for children of all needs and abilities

The Pencil Grip has worked with DbD to create a line of toys that focuses on skill development through play. By incorporating therapeutic techniques into our products, DbD offers engaging ways for children of all abilities to develop cognitive, motor, emotional and social skills. Our toys allow exploration and skill development for all children of all abilities.

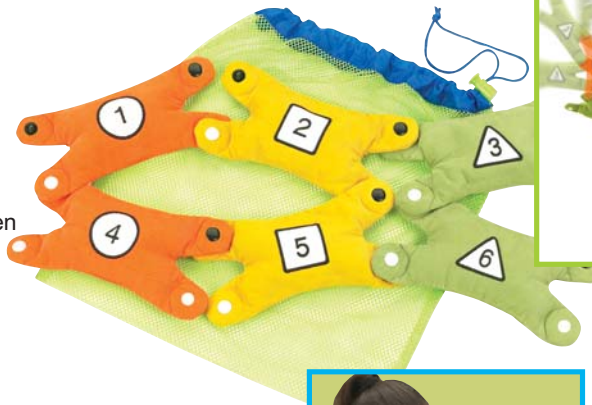

Snap Bags™

6-Linking beanbags with endless game possibilities

Throwing and catching are made easy with two Snap Bags linked together. They create a calming presence when all six are attached and used as a shoulder or lap weight. Snap Bags open an entirely new world of gross-motor, fine-motor and social skill game opportunities.

Ages 3+
Item number **DbD-911** - \$24.99

Play Packs™

Activity decks for children of all needs and abilities

DbD Play Packs offer great skill-based game ideas that you can do at home or in school. The games use readily available supplies and can be easily adjusted for a range of abilities. Play Packs are perfect for parents, caregivers, teachers and other professionals.

Basic Skill Development - Gross Motor Focus (DbD-941) \$9.99

Basic Skill Development - Fine Motor Focus (DbD-942) \$9.99

Social Skills for Small Groups - 2 to 8 Players (DbD-943) \$9.99

Social Skills for Large Groups - Up to 15 (DbD-944) \$9.99

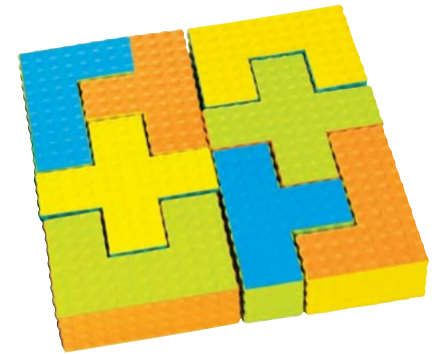

Bumpity Blocks™

Weighted, Textured Fun

Bumpity Blocks are a weighted foam alternative to classic blocks. The extra weight and unique texture provide increased motor control. The non-standard shapes help avoid self-stimulatory behavior and encourage creativity in building.

Ages 3+
Item number **DbD-921** - \$29.99

Explorer Ring™

Open the doors and make the beads-go-round!! Learn fine motor skills with the motivation of flowing beads. The Explorer Ring works on a range of skills while encouraging tactile, auditory and visual exploration. Game booklet included with play options for all levels. Explorer Ring diameter is 12 inches.

Ages 12 months +
Item number **DbD-961**
\$39.99

Meteor Ball™

Playing with the Meteor Ball aids in skill development and social interaction. The 5 unique modes of music suggest over 50 creative movements. Plus, fun directions target specific skills. The great texture makes catching easy and the sound track is timed for slower auditory processing. Get caught with the ball when the music stops and see what kind of move you might be asked to perform.

Ages 3 +
Item number **DbD-901**
\$49.99
